NOTES TO THE FINANCIAL STATEMENTS

1. Basis of preparation

These are general purpose financial statements prepared in accordance with the Corporations Act 2001 and Australian Accounting Standards - Simplified Disclosures. The Company is a for-profit proprietary company. Amounts are in Australian dollars.

By a resolution of 14 August 2026 under section 323D(2A) of the Corporations Act 2001, the sole director shortened the financial year that started on 1 July 2026 to end on 30 September 2026; later financial years end on 30 September. This financial report therefore covers the 3 months from 1 July 2026 to 30 September 2026. The comparative figures cover the 12 months ended 30 June 2026 and have not been audited. They are restated to include the opening bank balances and the loan from the director, which were entered in the accounting records on 16 July 2026 (journal #397). The amounts are therefore not entirely comparable.

2. Going concern

The Company incurred a loss of AUD 22,136.99 for the financial year ended 30 September 2026 and, at that date, its current liabilities exceeded its current assets by AUD 30,048.99. The Company's bank overdraft facility of AUD 15,000 is repayable on demand.

The Company depends on the continued financial support of its director and on the continued availability of the overdraft facility. The director has undertaken, for 12 months from the date of the auditor's report, not to demand repayment of the loan of AUD 19,212.21 or of further advances, and to provide further funds of up to AUD 40,000 if the Company needs them to meet its obligations. The director's cash flow forecast to October 2027 shows funding gaps in November 2026 and January 2027, which the director plans to fund under that undertaking.

These events and conditions indicate that there is a material uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements have been prepared on a going concern basis and do not include any adjustments that might be needed if the Company could not continue as a going concern.
